Starting a Newspaper.

The Independent of Calistoga, Napa county, is published in a small town in which journalistic grass is very short the year round, and which undoubtedly requires constant browsing to keep the local paper from starving to death. But for all that a couple of would-be journalists, with a woeful lack of judgment, recently started an opposition paper (?) to that old, true, tried and steadfast friend of Calistoga, its property-owners and business men. In commenting on its puny rival the *Calistogian* prints the following which will be appreciated by newspaper men:

"Once upon a time two young men, who were without guile, patient, long suffering and full of meekness, went over to the other side of town to start a newspaper. And divers, publicans and sinners, beholding them, said one to another: 'Behold now these men without guile, greenhorns from way back, suckers from the borders of Kansas; if a surety we have a soft snap, and we will make the Gentiles exceedingly weary.' Wherefore, they went up into the synagoga of the men without guile, even the newspaper men, and said unto them: 'Lo! Now we will take thy paper and we will pay thee thus: In wood of oak and fir and gum and manzanita; in butter and in chickens and in hen fruit.' And the publishers said, 'It is well.' And they went apart and covered their faces with their mantles and wept with joy. And they lifted up their voices and said: 'Oh Lord, we thank thee that thou hast led us beside these still waters and caused us to lie down in these green pastures. And it came to pass that the weather waxed cold, and the publishers would fain have warmed themselves by a fire of the wood of oak and fir and gum and manzanita, and they would also fain have eaten of the chickens, hen fruit and butter; but when they said to the publicans and sinners: 'Do now as though hast promised,' behold they laughed them to scorn and said unto them: 'Rats!'—'Give us a rest!'—'Behold now thou makest us exceedingly tired.'—And the poor little 'Baby Sheet' waxed faint, and died, and 'went the way of all the earth.'"

THE MINNESOTA LEGISLATURE.

Looking After the Alum and Ammonia Baking Powder.

(Portland Oregonian.)

A bill for an act in relation to the manufacture and sale of baking powders, to prevent fraud and preserve the public health has been introduced in the Legislature at St. Paul. The bill is intended to prevent the adulteration of baking powders with Alum or Ammonia imposing proper penalties to enforce the law.

Dr. O. S. Binswanger, Professor Chemistry etc., medical department University of Oregon, made an examination some time ago of the baking powders found in the Portland stores; the result of which appeared in the *Oregonian*. Dr. Binswanger then expressed himself as follows:

"I have just finished an analysis of the principal baking powders sold in this market with the following results:

"Hercules." This powder contains ammonia.

"Crystal." This powder contains alum.

"Double Quick." This powder contains alum.

"Silver Star." This powder contains alum.

"White Lillie." This powder contains alum.

"Dr. Price's Cream Baking Powder." This is a pure cream of tartar powder and contains neither alum nor ammonia.

It will be observed that Dr. Price's was found by Dr. Binswanger to be a pure cream of tartar baking powder and the only brand free from alum, ammonia or any impurity.

Following is a list of the more widely known brands that Dr. Drew, Chemist for the Minnesota State Dairy and Food Commission, as well as other Chemists of high standing have examined and found to contain Alum, some of which contain both Alum and Ammonia. Many of the Alum and Ammonia powders are labeled and advertised as "absolutely pure" to mislead the public. The condemned powders given in this list are sold, pretty generally through Oregon and

Washington.

"Calumet," "Forest City," "Grant's Bon Bon," "Hotel," "Globe," "Puritan," "Snow Ball," "Government," "Palace," "Loyal," "Columbia," "Home," "Monarch," "Unrivaled," "Chicago Yeast,"

"Echo," "Perfection," "White Rose," "Hatchet," "Crown."

In addition to the above there are many brands sold with a prize. It is safe to reject all baking powders sold with a prize, as the tests show they are composed largely of Alum and cost but a few cents per pound. Also refuse any baking powder sold for twenty-five cents a pound, or less; it is sure to contain Alum.

Surely, nothing but their cheapness could induce the public to experiment with these impure powders at the risk of health. Aside from the question of the health or wholesomeness of these condemned powders, and viewed from the standpoint of economy alone, a pure cream of tartar baking powder such as Dr. Binswanger and other high authorities report Dr. Price's to be, and from its greater known strength and unquestioned purity, should prove more economical to the user in every way.

America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: "The danger that confronts the great American people to-day is not the possible adoption of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national crime—of overwork. The mad rush for wealth is set at a killing pace, and thousands fall by the way every year."

You are likely to be one of the victims! How do we know? Because it is the exception to find a man or woman of adult age in perfect health. Nervous Disorders are spreading with fearful rapidity. Among the symptoms are—Backache, Biliousness, Cold Hands and Feet, Dizziness, Hot Flashes, Flustering Sensation, Fainting, Headache, Hysteria, Irritability of the Heart, Melancholy, Failing Memory, Palpitation, Rheumatism, Short Breath, Sleeplessness, Nervous Dyspepsia, Sexual Debility, Fits, etc.

REV. C. A. CARROLL, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nerve for the past six months. I find it acts like a charm on the whole nervous system. I have not found its equal in giving immediate relief. Dr. Miles' Little Nerve and Liver Pills only need a trial and they will recommend themselves to be the best pills in the market."

"For five years I have suffered from Nervous Prostration. I was unable to work or sleep. The first dose of Dr. Miles' Restorative Nerve gave me relief, and one thousand dollars would not cover the good it has done for me."—JOHN MINCHER, Youngstown, Ohio.

Dr. Miles' Restorative Nerve is unequalled in curing Nervous Diseases. It contains no opiates or dangerous drugs. Sold on a positive guarantee by all druggists, or Dr. Miles Medical Co., Elkhart, Ind.

Capt. H. E. Boyes of this valley has been authorized by the Textile Syndicate of London to purchase all the ramie that is produced in the United States. Boyes is endeavoring to introduce in this valley.

The Tokay grape growers of Sonoma Valley were badly cinched this year. For the most part they shipped to Chicago through the commission house of Porter Bros. Their returns have now commenced to come in and he is a lucky grower, indeed, who has not come out indebted to the firm. One Sonoma grower shipped to Chicago through Porter Bros. 400 crates of as fine Tokay grapes as was ever produced. The other day he received a statement of account and finds that he is in addition to losing his entire shipment he owes Porter Bros. \$11. The experience of this grower is very little different from that of others in this valley who shipped to Chicago.

Families visiting Sonoma will find the Sonoma House a first-class hotel in every respect.

MIDWINTER FAIR.

The Ladies Organize—They Will Give a Grand Carnival at the City Pavilion.

The ladies of Sonoma have organized a Midwinter Fair Club, with Mrs. H. H. Granice as President; Mrs. E. K. Stevenot, Secretary; Miss Susie Shaw, Treasurer. A large number of prominent ladies of Sonoma and vicinity have signed the roll as members of the club.

It has been decided by the ladies to hold a grand Carnival of Nations at the City Pavilion on the evenings of Thursday, Friday and Saturday, December 7th, 8th and 9th. A fine programme will be presented on each evening together with a children's matinee on Saturday December 9th at 2 P. M., at which all the school children of Sonoma Valley are expected to be present. Prof. Abshire, principal of the High School, together with his assistants, has kindly consented to drill the children in several novelties.

The large Pavilion will be handsomely decorated with flowers, evergreens, trailing vines and draperies. Around the sides of the interior of the Pavilion will be erected booths representing the various nations and presided over by prominent ladies dressed in appropriate costumes.

The American booth will be presided over by Miss Dora Howe and assistants.

The German booth will be in charge of Mrs. F. Clewe and Miss Reinch.

French booth—Mrs. E. K. Stevenot, the Misses Aguillon and assistants.

English booth—Mrs. Capt. Boyes, Mrs. Capt. Oliver and assistants.

Spanish booth—Mrs. Empanan and Misses Haraszthy.

Irish booth—Superintended by a number of young ladies of Sonoma and vicinity.

Japanese booth—Miss Minnie Cook and assistants.

Swiss booth—Mrs. Kechler and daughters.

Italian booth—Mrs. Valente and Miss Bagalupi.

Gypsy booth—Mrs. R. J. Keogh and assistants.

A number of other attractive booths will be erected in addition to the above.

This grand event will open on Thursday evening, December 7th and continue three nights. The price of admission is within the reach of all, being only 25 cents for adults and 10 cents for children.

The proceeds will be used toward assisting Sonoma Valley to make a creditable display at the California Midwinter Fair. As a great deal of enthusiasm is being manifested in the Carnival by almost every body in the valley we feel safe in predicting for the ladies a grand success.

Carnival Notes.

All kinds of refreshments such tea, coffee, sandwiches, tomatos, ice cream, lemonade and pastry will be served at a number of the booths.

Everybody is pulling to make the Carnival a success, and all factional feelings have been obliterated in the one grand endeavor to have Sonoma Valley represented at the Midwinter Fair.

President Foster of the San Francisco and North Pacific Railway has proffered his assistance toward making the Carnival of Nations to be given by the ladies of Sonoma a grand success.

The interior of the City Pavilion will undergo a complete transformation when the ladies will have erected the respective booths and decorated the same with flags, streamers, flowers, evergreens and draperies.

The Sonoma Valley Band has volunteered its services for the grand Carnival which will be given in the City Pavilion next Thursday, Friday and Saturday evenings for the benefit of Sonoma Valley's exhibit at the Midwinter Fair.

T. A. Close figures the Midwinter Fair fund resources of the county as follows: Santa Rosa, \$1,500; Healdsburg, \$1,200; Cloverdale, \$350; Sebastopol, \$150; Guerneville, \$100; Sonoma, \$500; Petaluma, \$1,200; Geyserville, \$100; Windsor, \$100; scattering, \$500; Board of Supervisors, \$1,000; total \$6,700.

SETTLED AT LAST.

World's Fair Jury Finally Decides in Favor of Dr. Price.

CHICAGO, Dec. 1.—On the analysis and recommendation of Dr. Wiley, Chief United States Government Chemist at Washington, and greatest living authority on food products, the World's Fair jury today gave the highest award to Dr. Price's Cream Baking Powder for strength, purity and excellence. This conclusively settles the question of superiority. Dr. Wiley rejected the alum powders, stating to the World's Fair jury that he considered them unwholesome.

ADVERTISEMENTS.
MARTI VS. STEIGER.

MR. EDITOR:

I desire you to publish the following statement in vindication of the course I was compelled to take in having Andreas Steiger arrested for breaking down my fence on my ranch near Schellville:

I purchased the farm formerly belonging to Mr. Obed Chart, containing over a hundred acres, including a private road from my residence to the county road. After owning and occupying the property for two years, to my surprise, Mr. Steiger claimed my road. I immediately employed counsel, and had the County Surveyor to establish my lines, after which Mr. Steiger was given due notice not to trespass upon my property. Then, knowingly and wilfully, Mr. Steiger broke down my fence three times.

Acting upon the advice of my attorney, in order to protect my property, I was compelled to institute criminal proceedings against Mr. Steiger by a warrant issued by Judge Brown of Santa Rosa, upon which he was duly arrested. The following is a true copy of the result of the arrest of Mr. Andreas Steiger. The public after reading this can form an opinion as to whether Mr. Steiger had a right to break down my fence as claimed in the notice published in your paper of the arrest.

M. MARTI.

County of Sonoma, in Justice's Court, John Brown, Justice, State of California.

The People of the State of California vs. Andreas Steiger.

This is to certify that Andreas Steiger was arrested on a complaint of M. Marti, and a warrant issued by John Brown, a Justice of the Peace of Sonoma county, for wilfully and maliciously cutting and breaking down his fence on his (Marti's) farm, in Sonoma Township, on the fourteenth day of November, 1893.

That said Andreas Steiger pleaded guilty and paid a fine for the committing of said crime, and it is admitted by said Andreas Steiger and his father Edward Steiger, that they have no right, or title or claim to the private road of said Marti, which said road leads from the Sonoma and Embarcadero highway to his home where said Marti now resides, and it is further agreed by said Andreas Steiger and his father Edward Steiger, that they will rebuild the fence so destroyed by him in five days from the date of this paper, with like materials and in as good order as when the said Andreas Steiger destroyed it, and if the fence is not built as aforesaid, we agree to pay \$10.00 to M. Marti for his damages, and not to use or trespass upon the said lands or private road of M. Marti.

In witness whereof we have signed our names.

THE STORM.

Precipitation Nearly Five Inches

The storm, which set in on November 29th, has continued almost without cessation up to the Thanksgiving day. The rain has been a warm and beneficial one. The ground has been thoroughly saturated and as soon as the storm is over plowing and seeding will commence. The rain has also started the young grass and should there be no very heavy frosts this month there will be excellent pasturage by the new year. Robt. Hall, local U. S. Signal Service Observer, reports the precipitation for the storm to have been 4.44 inches. This brings the total for the season up to 5.48 inches.

A Generous Response.

The people of Sonoma and vicinity with characteristic generosity came quickly to the aid of Martin Matson and family as soon as it became known through the medium of the INDEX-TRIBUNE that the family had been reduced from easy circumstances to actual want through a long siege of sickness. Groceries, provisions, wood and clothing and many other things were sent in by the generous-hearted people of Sonoma Valley, than whom no more charitably inclined can be found anywhere. Money has also been contributed in order that Mr. Matson may be enabled to secure a few delicacies so essential to the recovery of the invalid. The Sonoma school children also contributed \$12.50 as a Thanksgiving offering to this needy though worthy family.

SONOMA INDEX - TRIBUNE.

SONOMA, SATURDAY, DEC. 2, 1893.

A Realist.
I have a profound respect for "humili-ers." They wear a different en- thusiasm for every day in the week. One of them rushed several miles to see me and came into my room pant- ing and perspiring.
"What's the matter?" I asked.
"Well, cool off, get your breath, and when you are in a proper state of repose let her go."
"It's a title for a book," he said. "Inspiration—worth \$20,000! I've copyrighted it. You can do it in two weeks. There's a pot in it."
"In what?" I asked.
"In the book," he said glancingly.
"Have you got the book?"
"No, sir. Better than that—I've got the title. Don't you understand?" He leaped from the chair, pushed his hat back, crouched forward and swept his arm impetuously across the side of the room.
"Look at it there in big letters. 'Drop by Drop.' Great Scott it's an instantaneous winner. 'Drop by Drop.' How does it sound?"
"What's the book about?" I asked.
"I don't care for the book," he said as he wiped the perspiration from his brow. "You write the book on any- thing you like, but call it 'Drop by Drop.' That's all I want. Heavens and earth, man, don't you see it?"—St. Louis Globe-Democrat.

An Autograph Fied.
One day when Mr. Phelps was min- ister to the court of St. James a gen- tleman from Omaha called upon him with the modest request that he would assist him in obtaining a num- ber of autographs of eminent Eng- lishmen. The visitor was indeed not scrupulous to exclude eminent English women, and if Mr. Phelps could obtain for him a few friendly lines from these queens they should have an honored place in his town hall, on whose behalf he had under- taken the commission.
Mr. Phelps was struck with the quiet pertinacity of the man and helped him to a good many valuable autographs. Appetite growing with what it fed upon, the gentleman from Omaha declared he could not go back without obtaining a speci- men of the poet laureate's handwrit- ing. Mr. Phelps said he did not know Lord Tennyson, and from what he had heard of him thought he was not approachable on the subject. "But," he said, "you write to him yourself in your own way; tell him your busi- ness here and what you want from him." The gentleman from Omaha obeyed the instruction, and after a few posts there reached him a man- uscript copy of the first page of "In Memoriam" in Tennyson's own hand- writing and signed by his name.—Sheffield Independent.

Nothing Wasted.
Chemistry, like a thrifty house- wife, economizes every scrap. The horsehoe nails dropped in the streets are carefully collected and reappear as swords and guns. The main in- gredient of the ink with which I now write was probably once the broken hoop of an old beer barrel. The chip- pings of the traveling tinker are mixed with the parings of horses' hoofs and the worst kind of woolen rags, and these are worked up into an exquisite blue dye which graces the dresses of courtly dames.
The drugs of port wine, carefully decanted by the toper, are taken in the morning as a salubrious powder to remove the effects of the debauch. The offal of the streets and the wast- ings of coal gas reappear carefully preserved in the ladies' smelling bot- tle, or used by her to flavor blanc mange for her friends. All thrift is an imitation of the economy of na- ture, which allows no waste.—North American Review.

The Original Fruit Camers.
We are indebted to Pompeii for the great industry of canned fruit. Years ago, when the excavations were just beginning, a party of Cincinnatians found in what had been the pantry of a house many jars of preserved figs. One was opened, and they were found to be fresh and good. Investi- gation showed that the figs had been put into jars in a heated state, an aperture left for the steam to escape and then sealed with wax. The hint was taken, and the next year fruit canning was introduced into the United States, the process being iden- tical with that in vogue at Pompeii 20 centuries ago.—American Drug- gist.

They Were Harmless.
In her book on the poet Whit- tier, Mrs. Clafin relates the following anecdote: An old Quaker friend visited Mr. Whit- tier. He was a bach- elor, and when the hour for retiring came he was shown to his room. Soon after he was heard calling from the top of the stairs in an excited tone: "I think there has made a mis- take, Friend Whit- tier. I find female garments in my room!" At which Friend Whit- tier replied: "Theed' better go to bed. The female gar- ments won't hurt thee."

YOUR FUTURE
The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACKET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF POITUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so accurately pre- sented that every member of the family is en- tertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF VITALITY spurs you doctors' bills; so will the lines hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits for de- pression if you have the CIRCLE OF VENUS well marked; keep your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, "Fidelity," which is almost a real baby, and equal to the original oil painting which cost \$200; and you will have a magazine that will keep you posted on all the topics of the day, and all the facts, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$25.00 in value. Address the pub- lisher, W. Jennings Demorest, 15, 17, 19, 21, 23, New York.
